IT WILL PAY YOU TO BUY  
YOUR BULBS BEFORE JULY 1

This may seem rather early in the season to be considering  
fall bulbs, but actually it is the best time of the year to buy them.

Firm prices have been established, so you can know exactly  
what the bulbs will cost.

Prices are lower now than they will be later on. Our risk is  
reduced when we have definite orders before we place our final  
orders in Holland. Because of this reduced risk, we sell at  
lower prices than later on when we have to speculate on the  
market.

You can be sure your order will be filled in full--no shortages  
to worry you, and annoy your customers.

Your order for case lots (3000 to 5000 bulbs or more), placed  
early, will be packed especially for you in Holland, and will be  
shipped to you in original cases.

In order to enjoy all of these advantages, your order should  
be placed before July 1, but why wait? Why not order now, and  
have it out of the way? Then you can relax during the summer.

Yours very truly,

THE WILLIS NURSERY COMPANY

P. S. Don't overlook Packaged Peonies. They sell well in the  
fall along with bulbs. They can be shipped with the bulbs.
